

Weathering the Storm: All hands on deck response to the COVID19 infodemic and how we can prepare for the future

Provided by the Partnership for Maternal and Child Health of Northern New Jersey

Recorded Webinar

Date: Access available February 10 to March 9, 2022

Cost: Free

During this webinar Dr. Katelyn Jetelina, an expert epidemiologist and scientific communicator, will discuss the numerous lessons she has learned over the past 19 months and how to effectively “translate science” to the greater public while concurrently fighting misinformation.

Presenter

Katelyn Jetelina, MPH, PhD Katelyn Jetelina is an epidemiologist and data scientist that has been responding to the SARS-CoV-2 pandemic for the past 24 months- both on the ground in the field and also communicating with evolving events with the pandemic. She is an Assistant Professor at UTHealth and the founder of Your Local Epidemiologist newsletter.

Target Audience

Nurses, Advanced Practice Nurses, Physicians, Public Health Professionals

Learning Outcome

At the conclusion of the program, the participants will self-report knowledge gain related to effectively communicating science information to the public while fighting misinformation and intent to change practice by including information or tools presented into professional practice.

Disclosure/Commercial Support

The planners and speaker do not have any conflicts of interest to report for this activity. There is no commercial support for this activity.

Successful completion

To receive contact hours for the program, the registrant must log into the recorded webinar via the unique link (received via email after the live event), view the entire presentation, and complete and submit an evaluation. A certificate of completion will be distributed within two weeks of receipt of the evaluation.

Three months after the program concludes, attendees will be expected to complete an on-line follow-up survey to assess long term impact of the education provided.

Continuing Nursing Education Contact Hours

This program has been awarded 1.0 contact hours.
