

Introducing...

Community of Caring: The Paterson Doula Cooperative

Friday, January 21, 2022 • 12:00 pm - 1:30 pm

A Virtual Kickoff Event

Doulas are a vital support through pregnancy and early parenthood, caring for mother and baby. Their presence in the delivery room has been proven to help birth outcomes. This exciting new program will help improve access to doulas for Paterson residents and provide training to doula candidates.

This kickoff event is for healthcare professionals, Paterson residents, parents-to-be, career coaches, and anyone interested in learning more about this unique initiative.
