

On-Demand Webinar

Available until June 30, 2023

Fetal Alcohol Spectrum Disorder: Understanding, Screening, and Supporting Individuals in the School Setting

This on-demand program is an opportunity for school nurses, pediatric nurses, and other school-based professionals to develop an understanding of Fetal Alcohol Spectrum Disorders (FASD).

After attending this webinar, participants will be able to:

- Understand the physiology of FASD development during pregnancy
- Explain the importance of the screening and identifying children who have FASD
- Implement skills and knowledge to support children and families affected by FASD in their education
- Support school staff in creating the most beneficial learning environment for children affected by FASD and utilize resources available in New Jersey.
